## **TPO Monoclonal Mouse Antibody (TPO/1922)**

## **Product Description**

Thyroperoxidase (TPO) is a 933-amino acid, type I transmembrane glycoprotein that plays a key role in thyroid gland function and autoimmunity. It is present as a dimer on the apical surface of thyroid follicular cells. TPO functions in the iodination of tyrosine residues in thyroglobulin and phenoxy-ester formation between pairs of iodinated tyrosines to generate the thyroid hormones, thyroxine and triiodothyronine. Mutations in this gene are associated with several disorders of thyroid hormonogenesis, including congenital hypothyroidism, congenital goiter, and thyroid hormone organification defect IIA. Malignant thyroid tumors exhibit an anomaly in TPO resulting in lower affinity for anti-TPO. This antibody may aid in the differentiation between benign and malignant thyroid tumors. Primary antibodies are available purified, or with a selection of fluorescent CF® dyes and other labels. CF® dyes offer exceptional brightness and photostability. See the CF® Dye Brochure for more information. Note: Conjugates of blue fluorescent dyes like CF®405K and CF®405K are not recommended for detecting low abundance targets, because blue dyes have lower fluorescence and can give higher non-specific background than other dye colors. Stock status: Because Biotium offers a large number of antibody and conjugation options, primary antibody conjugates may be made to order. Typical lead times are up to one week for CF® dye and biotin conjugates, and up to 2-3 weeks for fluorescent protein and enzyme conjugates. Please email order@biotium.com to inquire about stock status and lead times before placing your order. Catalog number key for antibody number 1922, Anti-TPO (TPO/1922)

Product attributes			
Antibody number	#1922		
Antibody reactivity	TPO		
(target) Antibody type	Primary		
Host species	Mouse		
Clonality	Monoclonal		
Clone	TPO/1922		
Isotype	IgG1, kappa		
Molecular weight	100 kDa		
Synonyms	MSA; TDH2A; Thyroid microsomal antigen; Thyroid peroxidase; Thyroperoxidase; TPO; TPX		
Human gene symbol	TPO		
Entrez gene ID	7173		
SwissProt	P07202		
Unigene	467554		
Immunogen	Recombinant fragment of human TPO (around aa 685-804) (Exact sequence is proprietary)		
Verified antibody	IHC (FFPE) (verified)		
Antibody target cellular	IHC (FFPE) (verified) Plasma membrane		
annlications	, ,, ,		
Antibody target cellular localization	Plasma membrane		
Antibody target cellular localization Species reactivity	Plasma membrane Human		
Antibody target cellular localization Species reactivity  Positive control	Plasma membrane Human Thyroid Carcinoma		
Antibody target cellular localization Species reactivity Positive control Shipping condition	Plasma membrane Human Thyroid Carcinoma Room temperature Store at 2 to 8 °C, Protect fluorescent conjugates from light, Note: store		
Antibody target cellular localization Species reactivity Positive control Shipping condition Storage Conditions	Plasma membrane Human Thyroid Carcinoma Room temperature Store at 2 to 8 °C, Protect fluorescent conjugates from light, Note: store BSA-free antibodies at -10 to -35 °C Guaranteed for at least 24 months from date of receipt when stored as		
Antibody target cellular localization Species reactivity Positive control Shipping condition Storage Conditions Shelf life	Plasma membrane Human Thyroid Carcinoma Room temperature Store at 2 to 8 °C, Protect fluorescent conjugates from light, Note: store BSA-free antibodies at -10 to -35 °C Guaranteed for at least 24 months from date of receipt when stored as recommended		
Antibody target cellular localization Species reactivity  Positive control Shipping condition Storage Conditions  Shelf life  Regulatory status Antibody/conjugate formulation  Validated in protein	Plasma membrane Human Thyroid Carcinoma Room temperature Store at 2 to 8 °C, Protect fluorescent conjugates from light, Note: store BSA-free antibodies at -10 to -35 °C Guaranteed for at least 24 months from date of receipt when stored as recommended For research use only (RUO) Conjugates: 0.1 mg/mL in PBS/0.1% BSA/0.05% azide, HRP conjugates: 0.1 mg/mL in PBS/0.05% BSA, Purffied: 0.2 mg/mL in PBS/0.05% BSA, Purffied: 0.2 mg/mL in PBS/0.5% BSA/0.05% azide, Purffied, BSA-free: 1 mg/mL in PBS/0.10%
