

CD106 / VCAM-1 Monoclonal Mouse Antibody (VCAM1/843)

Product Description

CD106 (also known as vascular cell adhesion molecule-1, or VCAM-1) is a member of the Ig superfamily of adhesion molecules. It is expressed at high levels on cytokine stimulated vascular endothelial cells, and at minimal levels on un-stimulated endothelial cells. It is also present on follicular and inter-follicular dendritic cells of lymph nodes, myoblasts, and some macrophages. CD106 serves as a ligand for leukocyte beta-1 integrin VLA-4 and mediates cell adhesion of leukocytes to activated endothelium. It plays a role in various immunological and inflammatory responses.

Primary antibodies are available purified, or with a selection of fluorescent CF® dyes and other labels. CF® dyes offer exceptional brightness and photostability. See the CF® Dye Brochure for more information. Note: Conjugates of blue fluorescent dyes like CF®405S and CF®405M are not recommended for detecting low abundance targets, because blue dyes have lower fluorescence and can give higher non-specific background than other dye colors.

Stock status: Because Biotium offers a large number of antibody and conjugation options, primary antibody conjugates may be made to order. Typical lead times are up to one week for CF® dye and biotin conjugates, and up to 2-3 weeks for fluorescent protein and enzyme conjugates. Please email order@biotium.com to inquire about stock status and lead times before placing your order.

Catalog number key for antibody number 0843, Anti-CD106 (VCAM1/843)

Product attributes

| · ···································· | | | | |
|---|--|--|--|--|
| Antibody number | #0843 | | | |
| Antibody reactivity (target) | CD106, VCAM-1 | | | |
| Antibody type | Primary | | | |
| Host species | Mouse | | | |
| Clonality | Monoclonal | | | |
| Clone | VCAM1/843 | | | |
| Isotype | IgG1, kappa | | | |
| Molecular weight | ~110 kDa | | | |
| Synonyms | CD106; VCAM-1; Vascular Cell Adhesion Molecule 1; VCAM1; INCAM-100 | | | |
| Human gene symbol | VCAM1 | | | |
| Entrez gene ID | 7412 | | | |
| SwissProt | P19320 | | | |
| Unigene | 109225 | | | |
| Immunogen | Recombinant human VCAM1 protein | | | |
| Verified antibody applications | IHC (FFPE) (verified) | | | |
| Antibody target cellular localization | Plasma membrane | | | |
| Species reactivity | Human | | | |
