Cytokeratin 7 Monoclonal Mouse Antibody (KRT7/760 + KRT7/903)

Product Description

This antibody recognizes an intermediate filament protein (IFP) of 55 kDa, which is identified as cytokeratin 7. This MAb is highly specific to cytokeratin 7 and shows no cross-reaction with other IFPs. Cytokeratin 7 is a basic cytokeratin, which is found in most glandular and transitional epithelia but not in the stratified squamous epithelia. Keratin 7 is expressed in the epithelial cells of ovary, lung, and breast but not of colon, prostate, or gastrointestinal tract. This MAb is highly useful in distinguishing ovarian carcinomas (keratin 7) from colon carcinomas (keratin 7-).

Primary antibodies are available purified, or with a selection of fluorescent CF® dyes and other labels. CF® dyes offer exceptional brightness and photostability. See the CF® Dye Brochure for more information. Note: Conjugates of blue fluorescent dyes like CF®405S and CF®405M are not recommended for detecting low abundance targets, because blue dyes have lower fluorescence and can give higher non-specific background than other dye colors.

Stock status: Because Biotium offers a large number of antibody and conjugation options, primary antibody conjugates may be made to order. Typical lead times are up to one week for CF® dye and biotin conjugates, and up to 2-3 weeks for fluorescent protein and enzyme conjugates. Please email order@biotium.com to inquire about stock status and lead times before placing your order.

Catalog number key for antibody number 0906, Anti-Cytokeratin 7 (KRT7/760 KRT7/903)

Product attributes		
Antibody number	#0906	
Antibody reactivity (target)	Cytokeratin 7	
Antibody type	Primary	
Host species	Mouse	
Clonality	Monoclonal	
Clone	KRT7/760 KRT7/903	
Isotype	IgG's	
Molecular weight	55 kDa	
Synonyms	CK-7, K2C7, Keratin 55K Type II Cytoskeletal, Keratin Simple Epithelial Type 1 K7, Keratin Type II Cytoskeletal 7, Krt2-7, KRT7, Sarcolectin, SCL, Type II Mesothelial Keratin K7, Type-II Keratin Kb7	
Human gene symbol	KRT7	
Entrez gene ID	3855	
SwissProt	P08729	
Unigene	411501	
Immunogen	Recombinant full-length human KRT7 protein	
Verified antibody applications	IF (verified), IHC (FFPE) (verified), WB (verified)	
Antibody target cellular localization	Cytoskeleton	
Species reactivity	Human
